You may notice that spaces show up as blank spots. If you'd like them filled, use the = sign. You can use two = signs for more space!

The following sentence was typed like this:

==I'll==see==you==in==the==future==when==we're==older==

I'll see you in the future when we're older

If you want to add fancy end caps to the letters, you can!

Use the [] < > and { } keys to add different ends!

Experiment to see what you like best.

[=when=we=are=] <=full=of=stories=> {=to=be=told=}

When we are > FULL of stories < to be told

Try adding a different color to each box. Use ends to try new styles!
